The Fair Committee last evening by unanimous vote set aside this entire sum for premiums. \$125 will be given as prizes for the schools exhibits, and the balance of \$500 will be given as prizes for other general displays. This sum will make a good, liberal prize list and will be the means of repaying exhibitors for their trouble and expense of bringing their exhibits. The Premium lists will be out and distributed soon.

The ball game on the local diamond last Sunday was a weird, mystic affair, being presided over by "Medicine Man Casey." Casey had his dope sheet full and handed it out to the timid palefaces in bunches. "Chief" Houser was also all to the good and pulled off several spectacular stunts, Toledo didn't have a look in, being unable to connect with Casey's benders. Ross and Leggett had all the "pep," Plank and Fuller managed to straighten out a couple of Casey's offerings and Gwynn was the "candy kid" when it came to stealing bases. Oh! came near forgetting the score, 13 and 3.

Mrs. J. G. Plank was called to Philomath Sunday evening, having received word that her niece, the eldest daughter of Mr. and Mrs. Zem Randall, had been seriously burned. THE ANNUAL INSTITUTE.

The institute was held here on the 27-29 of May, three of the gloomiest days Lincoln county has seen since the heavy mid-winter storms, so far as the weather was concerned, but in the Principal's room of the High School building it was quite different. There all was sunny. The pleasing expressions and pleasant words were evidence that each one in attendance, teachers as well as instructors were having a pleasant as well as a profitable time. The teachers all seemed to enjoy themselves so much that Mrs. Fulkerson, one of the instructors, said that the teachers of Lincoln county had found the way to "Lafferty Town," a place where all good teachers go occasionally, if they don't remain there all the time. Not-with-standing the bad weather and muddy roads there was a large number in attendance.

Owing to miscalculations Superintendent Alderman was not able to be with us, but E. F. Carleton, the Assistant Superintendent of Public Instructions, was here and took his place, giving an interesting lecture at Woodman Hall, and helping with the daily program in the school building. Mrs. Mamie Fulkerson gave us some of the best helps for the primary work, and no small part of it might be used to a good advantage in some of the higher grades. She is one of Oregon's most successful primary teachers. We had some good help from our own Lincoln county teachers. It should be remembered that all of the better teachers don't live outside of our own county. Yes, Chas. H. Jones was here, faithful to the cause of education, as he always is. There is no doubt that he has attended more teachers' institutes, yes, two to one than any other instructor in the state. He always goes, and is the best of help.

DENNIS CUSACK DEAD.

His many friends here are grieved at his death, and extend sympathy to the bereaved ones who survive him.
